Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

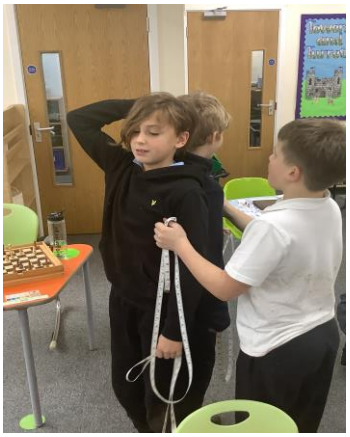
Class of The Week: Oak Class

Oak class have had a brilliant Autumn term! This half term, in English we have enjoyed reading about Stitch Head – a story about a forgotten creation and his mission to become memorable.

The class have created their own monster creations and written instructions on how to make them. We have needed a lot of perseverance in maths this half term as we have been putting our times table skills to the test and practicing our measuring skills, but all the pupils have been working hard.

We have been lucky enough to visit Fort Purbrook to have a go at some mountain biking, practicing our balancing skills and even trying out a course.

We have also started to get into the Christmas spirit by making decorations. We have enjoyed the Autumn and are looking forward to the last two weeks of term and all the fun things that we have planned.



Forthcoming Events

12th December Christmas Jumper Day

19th December- Pupil and staff Christmas Lunch

20th December- Last day of term, 1 pm finish

6th January- Inset Day

7th January- Start of Spring term

Subject of The Week: Art

The art room has transformed into a vibrant hub of Christmas crafting as we eagerly approach the festive season. Students have been busy creating a delightful array of items, including Christmas cards, mugs, and tree decorations, all prepared for sale at the Littlegreen Christmas Fair.

In the upper school, some pupils have been exploring Surrealism, with a particular focus on the works of Salvador Dalí. Did you know that Dalí had an ocelot named Babou, whom he would take with him to social gatherings and restaurants? Alongside learning these intriguing facts, we have examined his artwork and that of other artists known for their illusionary techniques. We have even had the opportunity to create our own melting clocks!

Meanwhile, in lower school, pupils have been engaged in designing and crafting their own games, considering aspects such as colour, placement, and functionality. Others have been focused on their individual art projects, honing their observation and sketching skills while exploring various mediums. We are excited to wrap up our art projects in time for Christmas and look forward to embarking on new creative endeavours in the new year!

Achievements of the week

Our Value of the week this week is **Perseverance!**

Riley from Harting class has shown **perseverance** and has shown himself to be a wonderful member of class.

Lloyd and Harrison from Bignor class have shown great **perseverance** with completing their Maths and Science work this week!

Riley from Beacon class always follows the school expectations and **perseveres** to ensure others follow too!

Bailey from Kingley always shows **perseverance** with his attendance and attitude in his TSD course in college!

epraise

Congratulations to our top point scorers of the week !

Finley from willow class for lower school

Lewis from Kingley class for Upper school
