Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of The Week: Harting Class

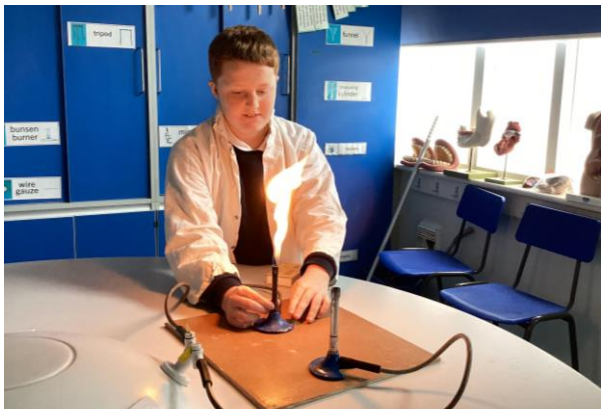
It has been fantastic to see all the pupils back to start a new year at Littlegreen. We have enjoyed hearing pupils' cheerful stories about their Christmases and New Year celebrations.

We are looking forward to an exciting half term in Harting class, including celebrating the pupil's **perseverance** and **courage** that they show at lunchtimes.

In English, we are starting the term with looking at and comparing poems. We will soon be creating our own poems, which we will publish and share across the school.

Harting class are going to show **ambition** with their reading skills by reading to the younger years and sharing some stories together.

This half term, we are looking at creating a sense of belonging in Thrive lessons. This will include pupil-led activities in what they would like their classroom to look like and the environment they would like to create. We will focus on showing **kindness** and consideration for others when listening to different opinions.



Forthcoming Events

20th January- Year 8 and 9 Vaccinations

10th – 14th February- National Apprenticeship Week

17th – 21st February- Half Term

24th February- Pupils Return to School

Subject of the Week: Maths

Happy New Year!

We have an exciting term ahead of us in our Maths lessons here at Littlegreen. This term, we are aiming to get pupils outside of the classroom as often as possible to participate in some real-life maths experiences. Whether that is conducting surveys as part of their statistical analysis work, where pupils will be able to collect their own data and present them in different ways, or going out into the community and running their own enterprise workshops.

One of our main focuses this term is going to be centred around problem solving. This area of Maths is often an area of struggle, but by incorporating this to real-life terms, we are hopeful that pupils will begin to further develop their skillset with number and Maths in the world around them.

Before Christmas, we saw a solid level of participation in our TimesTable RockStars campaign, and our pupils enjoyed the healthy competition between one another. Please do promote this to continue into 2025, so that together, we can encourage our pupils to see the benefit of being fluent with times tables.

William from Kingley class has shown **ambition** by attending his post-16 College interview.

Callum from Harting class has shown **ambition** with his Maths work.

Jack, Lenny, Lloyd and Boaz from Butser class have shown **ambition** by creating amazing instructions with imperative words.

Joseph from Oak class has shown **ambition** by starting the term with a positive attitude to learning and trying his best.

January can be tough, which is why we wanted to answer some questions about your local foodbank.

Do you need to be a low income family to be entitled to support?

No not at all! There are many reasons a person may need help with getting food, and it is not income dependant. It is for anyone who needs it.

Will people know I have been to the food bank?

Not if you don't want them to! Once your voucher has been issued, it is electronically sent to the food bank closest to you and you can then collect it that day (providing they are open).

Can I only use the foodbank a certain amount of times?

People will never be turned away for needing food however, the model is 6 vouchers in 6 months.

How do I get a voucher?

You can get a food bank voucher from many different places. Local Churches, Citizens advice, housing officers, social care but maybe more easily, you can request them for your childs school.

If you have any questions please contact the school on 02393 631259 and ask for Jo Peat the Family Support Workier. Alternativly, please email Jo - jo.peat@littlegreenacademy.info
