Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of The Week: Kingley Class

This term Kingley class have been working extremely hard at completing their coursework for an ASDAN qualification in Personal and Social Effectiveness.

As part of this work, pupils organised a whole school board game tournament. After much discussion, we decided to hold a Connect 4 tournament as we determined that this would provide quick games that everyone in the school could access.

An email was sent out and over 30 staff and pupils put their names down to take part. It took some time to organise a format for this amount of people, but in the end we decided on a knockout competition with a first round, a second round, quarter final, semi-final and a final.

Pupils from lower school and upper school took part along with staff from the office, Teaching Assistants, Teachers and the Head of School!

Kingley class worked hard to make sure the correct games took place at the correct time and after nearly a week of competition, we were left with two pupils to contest the final.

Jayden and Tristan took part in the final which took place in the Kingley classroom- with Tristan winning the match.

Well done to everyone who participated, we are planning to organise another tournament in the summer term!

Forthcoming Events

10th – 14th February- National Apprenticeship Week

17th – 21st February- Half Term

24th February- Pupils Return to School

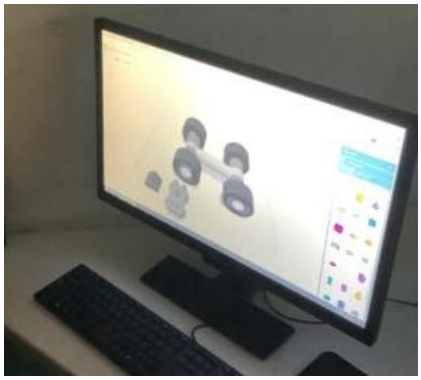
3rd – 7th March- National Careers Week

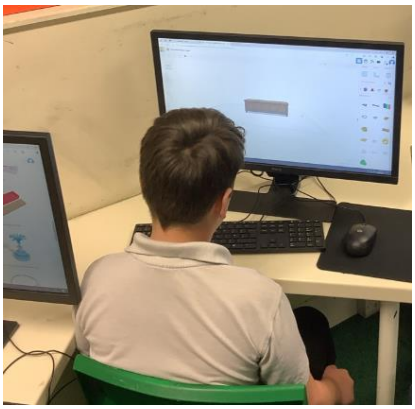
Subject of the Week: Computing

The Computing curriculum continues to provide great opportunities for the pupils to engage in. We have recently started thinking about re-cycling and so have been finding ways to raise awareness. Linking into our STEM curriculum alongside Science, DT and Maths, pupils are using Microsoft Publisher, Microsoft Powerpoint, Pixelart and Blender to create posters to put up around the school to advertise awareness in their different ways.

We have been fortunate to receive a 3D printer from a local business. We are learning how to plan, design and then generate signs to encourage re-cycling, using a 3D computer online design programme Tinkercad.

Pupils have demonstrated the school values brilliantly throughout their lessons: **courage** to try new things, using a computer for a non-game use; **kindness** to encourage others and comment sensibly on their work; **accepting** that we may get praised for our efforts when we take risks; showing our **ambition** to learn new skills; **persevering** with challenging tasks.





Value of the Week

Kai from Halnaker class has been showing kindness by listening and valuing others.

Damian from Beacon class consistently shows **kindness** to staff and his peers.

Billy from Oak class has shown **kindness** by working on his own fire and letting Ash class roast marshmallows on it.

Noah from Ash class demonstrates care and **kindness** for his peers consistently.

Riley from Harting class has shown **kindness** to himself by starting to accept that he is amazing!

Harry from Kingley class is always **kind** with his words and actions.

George from Oak class has shown **kindness** by trying hard to include everybody in activities.

epraise

Congratulations to our top point scorers of the week:

Noah from Ash class for lower school

Kai from Halnaker class for upper school

Join Us for the Chichester College Open Event!

Date: Thursday 6 March 2025

Location: Chichester College

Explore our wide range of courses, meet our expert tutors, and discover how Chichester College can help shape your future. Whether you're considering course options or just want to explore our facilities, this event is packed with valuable information for everyone.

Highlights:

View our fantastic college facilities

Chat with our friendly and knowledgeable tutors

Learn about courses and career pathways

Don’t miss this exciting opportunity to kickstart your journey with Chichester College!
