Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of The Week: Butser Class

Butser have been enjoying playing tennis at Chichester College this term. Although the weather has been cold and windy, they have all been keen to give it a go and have been improving each week.

In Humanities, we have been covering the Great War, also known as World War 1. Pupils have been learning about how the war was started and how many of the rulers around Europe were descendants of Queen Victoria.

In Maths, we have been learning about statistics and how different types of graphs can be used to show data. We have learnt how we can apply four operations knowledge to find the difference in statistical questions.

During this week, which is apprentice week, pupils have shown all the schools' values of **courage**, **kindness**, **ambition, acceptance** and **perseverance** while filling in a questionnaire about different jobs that they might like to do in the future. Sometimes thinking about the future is difficult, but they did a great job expressing their feelings and ambitions for the future.

Well done the Butser!

Forthcoming Events

17th – 21st February- Half Term

24th February- Pupils Return to School

3rd – 7th March- National Careers Week

14th March- Comic Relief (Red Nose Day)

Subject of the Week: PE

What a whirlwind of a half term we have enjoyed in PE here at Littlegreen!

It all started with pupils being able to learn new skills out on the hockey pitch, with passing and moving, dribbling and shooting, all whilst learning the rules of the game. Our older pupils were able to consolidate the skills that they had previously been taught on the pitch and showed great promise as budding hockey players… and then the weather changed.

Despite not being able to use the outside pitches as much as we would have liked this half term, our pupils were not put off by this and threw themselves into learning all about badminton. This has proven to be incredibly successful, not just through the skills and ability seen throughout the school, but the pupil enjoyment and engagement has been at an all-time high – we have even enjoyed some inter-tutor competitions. Something to watch out for in the future!

Away from Littlegreen, pupils have continued to enjoy their offsite PE lessons, whether this is at college on the tennis courts or football pitches, Queen Elizabeth Country Park on the off-road bike trails or at Fort Purbrook, scaling new heights on the climbing walls or hitting the bullseye in archery.

All in all, our pupils at Littlegreen have really pushed themselves with learning a new sport this half term, excelling in lessons and coming back session after session wanting more.

National Apprenticeship Week

The National Apprenticeship portal for pupils, parents and carers provides career advice, information on different industries, online events, and more!
