Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of The Week: Harting Class

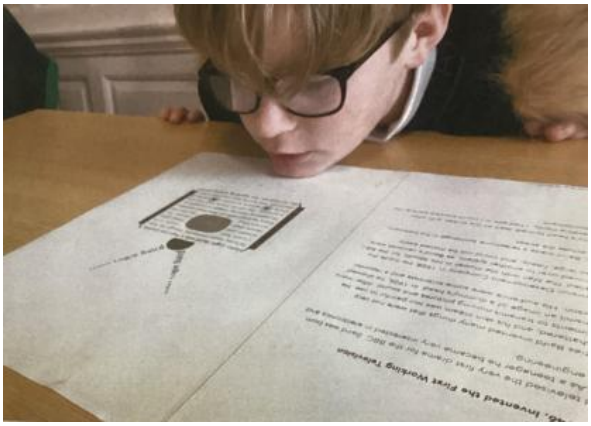
Over the Spring term, Harting class have persevered in all areas of school life.

In English we have focussed on writing shaped poems, in addition to having a fantastic independent writing week. We have been thinking about what reading means to us, and we shared this passion with lower school pupils by having some shared reading time with them.

In Maths we have focussed on length and perimeter and turned this knowledge into real life Maths. We are currently looking at data and how we can represent it. This has taken courage to try new things and know that sometimes it takes more than one attempt to get things right.

During our class debates, Harting has shown kindness by listening to each other's opinions and respecting people's views.

Finally, the whole of Harting have displayed ambition by organising a Harting sleepover for their Action Teams. They have put in a great deal of effort with the adults around them to make sure everything is in place for the big night!



Forthcoming Events

4th April- Last Day of Term (1pm Finish)

7th April – 21st April- Easter Holidays

22nd April- Pupils Return to School

5th May- Bank Holiday

15th May- Parents Evening

World Tree Day

On World Tree Day, pupils in both lower and upper school took part in fun activities like planting trees and making seed bombs. These activities help the environment and teach pupils about how important trees are for our planet. Trees help fight climate change, give animals a home, and make the air cleaner.

For lower school pupils, tree planting is a fun way to learn about nature. They find out how trees grow, the different types of trees, and how trees help the world around us. Planting trees gives pupils a sense of pride in helping the planet. Making seed bombs with wildflower seeds also shows them how important it is to have different plants and flowers in nature.

Upper school pupils have learnt about tree species and how trees help with the air. The saplings will hopefully grow to replace some of the trees we have, lost to the ash dieback recently. The seed bombs they made have wildflower seeds that will help attract insects, bees and animals. By taking part in these activities, pupils learn important skills like working together, solving problems, and caring for the environment, all the while helping make the world a greener place.

Value of the Week

Bobby from Willow class has shown **kindness** to staff and his classmates.

Travis from Beacon class shows **kindness** during lessons.

Alfie R from Elm class showed **kindness** by helping a staff member.

Tyler from Elm class has shown **kindness** by being respectful to his teachers and following instructions.

epraise

Congratulations to our top point scorers of the week:

Theo from Ash class for lower school

Harry from Kingley class for upper school

Tuesday 25th March at 3:30pm

We will be hosting a KS4 curriculum information evening for the Parents and Carers of Year 9 pupils at the Littlegreen Hub in Chichester College.

Tutors from the available courses, Littlegreen staff and refreshments will be available, in addition to a goody bag for pupils!
