Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

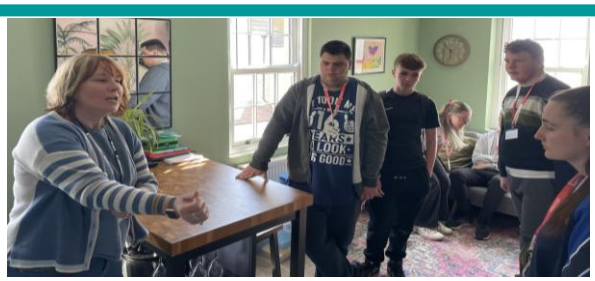
Class of The Week: Kingley Class

Kingley pupils continue to benefit from enriching work experience opportunities as they prepare for life beyond Littlegreen Academy.

At the end of the previous term, pupils visited The SAND Project in Worthing, a dynamic initiative supporting young people aged 16–25 with Education, Health, and Care Plans (EHCPs). The project offers a range of practical experiences to build confidence and life skills. During the visit, pupils toured various facilities, including a café, art room, screen printing, and media studios, gaining insight into the diverse opportunities available.

Currently, pupils are participating in a three-week work experience block at Pebbles Café, located within Mary Rose Academy. Last week, Lewis, Bailey, and Harry took part in activities such as cooking pizzas and flapjacks, preparing salads, taking customer orders, and performing essential tasks like washing up. These hands-on experiences are invaluable in developing practical skills and preparing them for future employment opportunities.

Kingley class are currently preparing for their GCSE exams. Well done for your hard work and we wish you all the best as you approach this important milestone!



Forthcoming Events

12th – 14th May: KS2 SATS experience

22nd May: Festival on the Green in Honor of Pamela Payne (Volunteer)

26th – 20th May- Half Term Week

5th June: Parents Evening

Subject of the Week: Lower School Forest School

Lower school pupils continue to enjoy spending time in the woods. With the trees now in full leaf our outdoor space is providing new opportunities for playing and learning. The spring has brought out the crop of wild garlic, allowing pupils to experience foraging for food, with some even being courageous enough to try a new flavour.

An unseasonably warm start to May has allowed us to experiment with different methods for harnessing the suns power to light fire, an activity which has required both patience and perseverance. Pupils from Oak class have been busy developing the forest classroom and refining their use of tools. Ash class have been working on their communication skills and collaborative play whilst Elm have enjoyed introducing their new TA to woodland games. Pupils from Willow class have shown great ambition, working on new skills, taking on the challenge of learning how to put up and take down their own hammocks as well as showing kindness through offering to help with tasks and equipment.

Pupils have also enjoyed the opportunity to engage in water play, showing acceptance of game rules and the need to be respectful of others.

Value of the Week

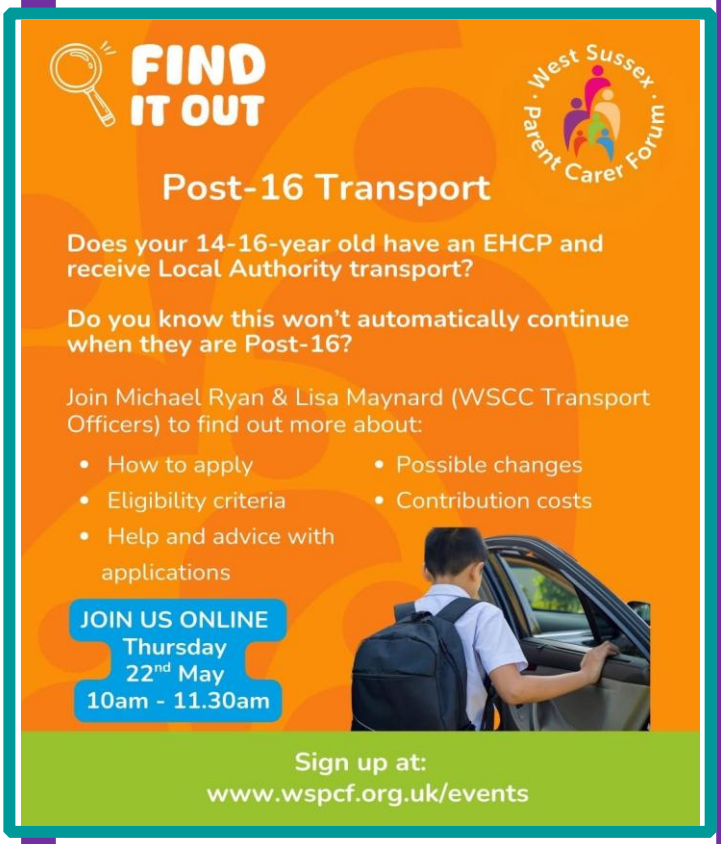
Alfie from Oak class has had a tricky start to the week but turned it around with **kindness**.

Jamie from Beacon class has shown **kindness** in his contributions in class

Cooper, Jacob, Franky and Callum C from Bignor class have shown **kindness** by helping to clean the outside space to make way for a basketball court for pupils across the school to play in.

Oscar from Harting class has shown patience and **kindness** while teaching his peer's cricket.

Trey from Willow class has been showing **kindness** to his classmates and pupils in lower school.



epraise

Congratulations to our top point scorers of the week:

Upper school - Tristan from Harting class
Lower school - Finley from Willow class
