Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy and successful lives.

The foundation of all our endeavours in everything we do.

Class of the Week: Butser

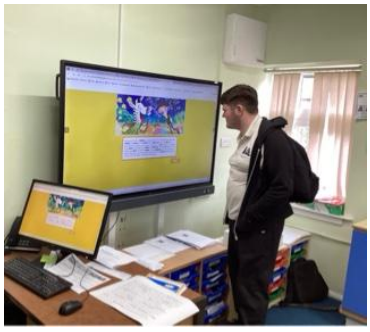
The term has started with lovely sunshine, so at Chichester college we have been playing Tennis and relaxing in the shade.

As Year 11's, Boaz has been working hard revising topics for his exams in Maths and English and completing coursework towards his accreditations and Brayden has been working through maths revision focussing on the four operations.

The others in the class have been working hard using Funny Fill in a website designed to help us use nouns and adjectives, verbs and adverbs and figurative language to describe characters and settings. It has had the class on the floor laughing in hysterics as it makes some sentences not make sense and rather silly. They have had to read these aloud and edit these sentences to ensure they make sense adding further description improving the adjectives and adverbs.

At College on Tuesdays the Year 10s have been learning different ways to make a stew. In food tech on Wednesdays they have been creating delicious meals and treats – all very tasty, but sadly they don't offer their teachers any!

In Maths, showing ambition, Lenny and Lloyd have been looking at input machines and algebra. Martin, Jack and Corey have been reviewing decimals and its links to money! They have all been working well and more independently. Well done Butser!



SATS Experience

The Year 6 pupils have done themselves proud this week, they had a go at English SPaG, Reading and Math papers.
Their results tell us the progress they have made in English and Maths, but this is only part of it.
What we are also really proud of is the resilience, courage and ambition they showed each morning - they are amazing - well done Year 6's!

Forthcoming Events:

22nd May: Festival on the Green in Honor of Pamela Payne (Volunteer)

26th – 30th May: Half Term Week

5th June: Parents' Evening

Subject of the Week: Upper School Forest School

This term at Forest School has been packed with adventure, creativity, and some dry and warm weather

Pupils have been embracing the outdoors with energy and imagination. One of the highlights has been our epic water gun battles — great for cooling down and even better for building teamwork and laughter. We have also been exploring the ancient art of pewter casting. Using clay moulds and a carefully managed open fire, pupils safely melted and poured pewter to create beautiful keepsakes, learning about metalwork and fire safety along the way.

Cooking outdoors has been another favourite activity. From toasting marshmallows to popcorn, pupils have gained hands-on experience preparing food in nature — and enjoyed eating it too!

More pictures of our trip to Portsmouth Fish market and the feast we will cook next week to follow! Between activities, the hammocks have been a hit for relaxing, chatting, or just swaying peacefully among the trees.

Forest School continues to be a space where students can explore new skills, connect with nature, and enjoy the simple joys of being outdoors. We are proud of the independence and creativity they show each week.

Value of the Week:

All of Beacon class have shown **ambition** in attending college.

Riley in Harting class has created an **ambitious** piece of writing!

Harry in Kingley class has shown **ambition** in arranging his own work experience at Mary Rose School.

All of Oak class have shown great **ambition** undergoing their SATS experience this week.

Luca in Willow class has demonstrated great **ambition** in the challenges set by his teachers this week.

epraise

Congratulations to our top point scorers of the week:

Upper school - Tristan from Harting class
Lower school - Finley from Willow class
