Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy and successful lives.

The foundation of all our endeavours in everything we do.

Class of the Week: Harting

As we approach the end of another half-term, it is the perfect time to reflect on all the incredible achievements of Harting class. It has been a busy few weeks, and the pupils have truly shown our school values every step of the way.

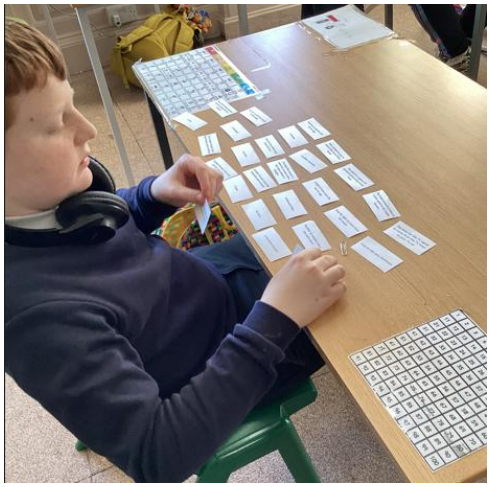
This term in maths, we have been working hard on some tricky concepts—fractions, percentages, and decimals. The pupils' perseverance has been nothing short of inspiring, tackling challenges with focus and determination.

In DT, the class demonstrated real ambition by creating complex and creative projects. Paired with their efforts in building the Greenpower car, their teamwork and innovation have really shone through. Also, Harting have shown incredible kindness to all the different sponsors and visitors involved, and their feedback has been positive, and they are blown away with the wonderful school we have.

Our writers produced fantastic non-chronological reports that were not only detailed and informative but also showcased their growing confidence in structuring factual texts.

Science took us outdoors this half-term, where the class showed courage and determination during practical experiments. Whether facing unpredictable weather or problem-solving in real time, they rose to the occasion.

As a well-earned reward for all their hard work, we're thrilled to be heading to Chessington for our end-of-year trip. Harting has earned this celebration, and we can't wait to enjoy a fun-filled day together.



Forthcoming Events:

3rd July – Sports Day
11th July – Transition Morning
21st July – End of Term (1pm finish)

Subject of the Week: Science

We are so grateful for outdoor space to explore the world around us.

Pupils used plant materials such as Beetroot & turmeric and forest crafted tools like mortars and pestles to crush the vegetables to release the cells. They mixed the crushed materials with water and heated the mixture over a camping stove to extract the natural dyes. After preparing their own dyes, pupils-soaked cotton fabric squares in the mixtures and observed the results.

Various timescales were observed when dyeing the fabric, pupils hung the sample to dry and assessed and documented the shades produced.

We discovered that once cells had erupted, the dye only lasts in boiling temperatures for a while. Then the beetroot stops producing pigment.

No fabric was wasted, the pupils decided to make bunting for the leavers camp night!

Value of the Week:

Bobby from Willow class has shown great **ambition** in teaching his fellow class mates a new game during their break times.

Malaki, Ethan and Alfie from Elm class have demonstrated their **ambitious** attitudes whilst doing exceptional learning.

For Harting class, Finley, Ryan and Riley have demonstrated being **ambitious** with their amazing projects in DT.

Bailey and Oscar from Beacon have been extremely **ambitious** this week with all their hard work and dedication to the Green Powered Go Karts.

epraise

Congratulations to our top point scorers of the week:

Malaki from Elm class for lower school

Tristan from Harting class for upper school

CHAT & CHILL

West Sussex Parent Carer Forum

🌟 Chat & Chill coffee morning for SEND Parents 🌟

Parenting a child with SEND can feel overwhelming, but you don't have to do it alone.

Join us for a relaxed coffee morning, connect with other parent carers, and take a well-deserved break -the first drink is on us!

🗓️ Tuesday 8th July

🕘 9:30 - 10:30

📍 Cafe Paradiso,

45 North Street, Chichester, PO19 1NF

No need to book, just drop by!

We'd love to see you there.
