Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of the Week: Willow Class

Willow Class has had a fantastic start to the term! The pupils have welcomed our school values by showing **acceptance** and **kindness** towards each other. It has been heartwarming to see everyone actively engaging in getting to know one another and learning to be considerate and respectful.

In our English lessons, pupils have been incredibly **courageous**, effectively expressing their characters' emotions in their stories.

Moreover, we started our term's topic by sharing our knowledge about castles and building our own.

We have been using maps to explore connections between different locations. We are all eagerly looking forward to exploring more of castles and the people associated with them.

Bailey from Kingley class always knows the right time to show **kindness** to his friends.

Bobby B from Willow class consistently displays **kindness** towards the staff and other pupils.

Riley from Beacon class always demonstrates the school values with **kindness**

Boaz from Butser class has shown **kindness** to a peer and his TA by always being polite and understanding.

Forthcoming Events

10th October- Mental Health Day (Wear Yellow for Mind)

15th October- Flu Vaccinations

24th October – TimesTables Rockstars Day

28th October – 1st November- Half Term

Subject of the Week: Upper School Forest School

Greetings from Littlegreen's woodland. The woods are very busy again. We are very fortunate to have our own woodland and all of the pupils across the school have Forest School embedded in their timetable.

Year 10 pupils will soon start their John Muir award and the year 11s are already working towards their Discovery Award.

This year we are building! It is our intention to try and rebuild the pizza oven. Classes in KS3 have been busy building new Forest School areas lined with a dead hedge. Also, we now have a trench!

All pupils like to cook, we have invested in more specialist cooking equipment to teach pupils how to cook outdoors.

We will also mix it up with some STEM and History topics and looking at primitive technology as well as cooking and building.

As ever, I am looking forward to working in the woods with all these great ideas and am excited to see pupils progress and learn new skills this academic year!

Sponsored Walk

Thank you to those who have supported our pupils and contributed to raising a total of £225 for school equipment and the charity Mind!

This is such a wonderful achievement for our community and a charity that is so close to our hearts.
