## Littlegreen Academy's Vision

**Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.**

The foundation of all our endeavours in everything we do.

## Class of The Week: Ash

Ash Class have had such a busy term so far. Pupils have been working hard on their independent writing this week and have produced highly creative and imaginative stories. They have developed a real flair for writing and are never lost for new ideas. As part of exploring different texts and authors we took a trip to Chichester Library. We had a wonderful time looking at all the books and took some back to class for story time. We even got to scan them out ourselves.

Our topic this term has been amazing, we have moved on from our child – led topic on Dinosaurs in Autumn 1 where each pupil took a turn to decide what we learnt about and lead the lesson. We learnt about dinosaurs some of us had never heard about! We have now moved from the past into the future and have begun to look at the role technology has in our lives. We have looked at robots that can do operations and even had a visit from a wonderful lady called Lisa who has an amazing robotic hand. All the pupils asked so many questions!

Over the next few weeks, we will be predicting what we think comes next. What will the world look like in 2050?

Our Thrive sessions have also been a big hit, and we have made incredible slime, built amazing spaghetti and marshmallow towers, and even made our own fizzy paint. Our curriculum is full and busy and as ever, we continue to demonstrate all of school values in all that we do. We **persevere** when we find things tricky, we are full of **ambition** for ourselves and for others, we are **courageous** when we are unsure and **accepting** of everyone even when we make mistakes. Most importantly for Ash Class we try to be **kind**, always.

## Forthcoming Events

5th December- Inset Day

10th December- Coffee Morning, 11 am Boston Tea Party

12th December- Christmas Jumper Day .

Christmas fair and pop- up Café.

18th December- School Christmas Lunch

19th December- Last day of term. 1pm finish

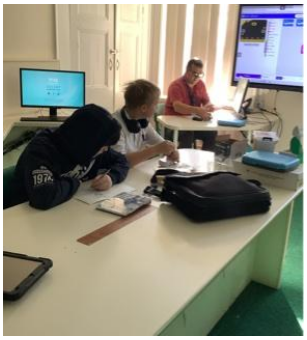
## Subject of The Week: IT

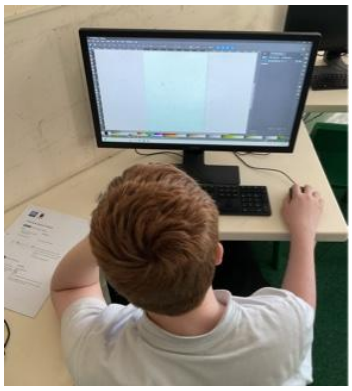
Computing class has been full of energy this term.
Lower school pupils been using the Ibot cars which have been challenging and fun. Pupils have had fun using colour coding in their lessons to build tracks using cardboard and race

In Upper School , pupils have been learning about email attachments and sharing documents. All pupils followed instructions and had fun using different tools to edit their documents and showed their creativity by inserting pictures and changing the formatting and style of the text.

Pupils have shown ambition by creating brilliant PowerPoints about their college courses, making full use of the effects!

Another popular activity in the IT room has been the use of microbits to Microsoft makecode and create: message banners, name tags, a coin flipper, clap lights, name tags as well as that, they have used block coding to make leds flash on a car, spin the cars round and choose different speeds!





## Right of the week

Best Law For Children Applies

If the laws of a country protect children's rights better than this Convention, then those laws should be used

## E-Praise

Congratulations to our top point scorers of the week:

Luca from Harting class for **Upper school**

Albie from Ash class for **Lower school**

## Value of the Week- Ambition

Harrison and Franky from Bignor are nominated for showing Ambition in their preparation for their GCSEs.

Harry from Beacon has demonstrated independent literacy work and has been Ambitious with his writing.
