Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of The Week: Oak class

Oak Class have had such a brilliant spring term so far. We have been working hard on our independent writing this week and have been busy using Flotsam – a book with no words as our inspiration to write our own short stories. The illustrations and planning we have done has led to some fantastic writing.

This half term Pupils are learning about different farming techniques and where our food comes from. We have enjoyed watching some videos about how carrots are farmed and realised that there are more processes involved than we first thought. We have been able to spot some different types of farms while we have been exploring the area around Littlegreen.

Our weekly countryside walks have been great fun this term and we have really displayed our school values during these trips – Persevering, being Kind and Accepting of each other. Walking is not only great exercise, but we have learnt how it can improve our mental health and help build strong friendships too.

Subject of The Week: Upper School Forest School

This term, our KS3 and KS4 students have been enjoying the outdoors through a variety of Forest School activities designed to build confidence, teamwork, and practical skills. Pupils have been exploring our woodland area and taking part in hands-on tasks that encourage problem-solving and resilience. We have also mixed it up and enjoyed some outdoors science with Jo Howard. Despite the rain we were able to do a few science experiments using fire and chemicals.

As we look ahead, and with the weather improving, we will start to do more outdoor cooking. Pupils will learn to safely prepare and cook simple outdoor meals over an open fire. This project will help develop independence and responsibility while also developing the love of good food.

Spring is a great season for green woodworking. Pupils will get the chance to use traditional tools to craft small wooden items from freshly cut timber. This activity supports fine motor skills, patience, and an appreciation for natural materials. We are looking forward to seeing their skills grow through the next few months. More updates will follow as our projects take shape outdoors!

Games in the Library!

Our school library was full of laughter as parents and pupils from Ash Class spent quality time playing games together. From Snap and UNO to Jenga, Dinosaur Bingo, and cards, everyone got involved!

It was wonderful to see pupils and adults enjoying each other's company while practising key skills like turn-taking, communication, and playing fairly. A brilliant way to co

E-Praise

Congratulations to our Highest Point Scorers for this week:

Ethan From Harting Class for Upper School

Layton From Oak Class for Lower School

Forthcoming Events

27th March- Last day of term 1pm finish

30th March – 10th April- Easter Holidays

13th April- Inset Day
