Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of The Week: Harting

Harting Class have enjoyed a term full of new adventures and brilliant learning moments!

In Maths, pupils have been exploring fractions, gaining confidence in recognising, comparing, and using them in different ways.

In English, we have been diving into the magical world of fairytales. Pupils have enjoyed looking closely at what makes a strong beginning, middle, and end to a story, and they have been practising using conjunctions to extend their sentences and make their writing more exciting and detailed.

In Humanities, the class has been investigating urbanisation and how it affects cities in high, middle, and low-income countries. They have asked thoughtful questions, compared different places around the world, and discussed why people might choose to move to busy, growing cities. Their curiosity has led to some brilliant conversations.

In PE, one of the absolute highlights has been mountain biking at Fort Purbrook. Each week they have shown growing confidence, improving their balance, control, and riding skills. Their teamwork, encouragement of one another, and willingness to give things a go has made the sessions a joy to watch.

Right of the Week

Recovery and Reintegration

Children have the right to get help if they have been hurt, neglected, treated badly or affected by war, so they can get back their health and dignity.

Forthcoming Events

13th April- Inset day, school closure for pupils

14th April- Pupils return to school

4th May- Bank holiday- School closure

Subject of The Week: IT

It has been fantastic in IT this term. Lower school pupils have been having a double session on a Thursday afternoon. The pupils have been leaning how to block code using Microbits. The challenge has involved following instructions carefully and using LED's to create flashing images, creating name banners, making their own musical sounds, digital dice, countdown timer, clap lights, rock paper scissors and even a step counter.

Upper school pupils have been creating PowerPoints on their favourite games, characters and activities and some work experience information. Some pupils have been using Microsoft publisher and Microsoft word, designing layouts, adjusting fonts for the "wow factor" and inserting pictures and information that they have chosen to include. They have noticed the benefits of being able to move items easily to illustrate what their top tips are.

In addition, pupils are using 3D design software either Tinkercad or Blender and are designing items that they are hopefully going to produce on the 3D printer! They have had to work through the tutorials and instructions carefully to create the best designs they can. Pupils have learnt to move, rotate, size, group, copy, duplicate and align, items on a 3D plane using the keyboard and mouse to control.

Value of the Week- Courage

Reggie-Lee from Ash class has shown **courage** by taking part in the Goblin race at the weekend.

Finley from Halnaker class has been **courageous** with his IDL assessments.

Jayden from Halnaker class has been **courageous** in overcoming challenges.

Oliver from Elm class showed **courage** by joining the class for a special assembly.

Martin from Butser class has shown **courage** in his approach to his work.

Lloyd from Butser class has been **courageous** in making mature decisions.

E-Praise

Congratulations to our highest point scorers for this week:

Oscar from Kingley class for upper school

Henry from Elm class for lower school
