Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Subject of The Week: Science

This term in Upper School, our focus in Physics has been *Investigating Electricity*. Pupils began by developing a hypothesis — learning how to ask a clear scientific question before moving on to planning their circuits and evaluating their predictions. This early stage helps them understand not just *what* they are investigating, but *why*.

Building on this foundation, pupils used their practical skills to design and construct simple circuits. They then extended their learning by experimenting with new materials and ideas. Ethan explored whether fruit could generate electricity, while Tristan investigated how much additional power would be needed to spin two fans instead of one. These thoughtful questions show growing scientific curiosity and confidence.

Throughout the term, pupils have taken pride in compiling portfolios that showcase their investigations. These portfolios demonstrate their progress across all three science disciplines and provide clear evidence of their achievements against National Curriculum targets.

Right of the week

Children In Detention

Children who are accused of breaking the law should not be killed, tortured, treated cruelly, put in prison forever, or put in prison with adults. Prison should always be the last choice and only for the shortest possible time.

37 CHILDREN IN DETENTION

Forthcoming Events

25th -29th May- Half term

1st June- Pupils return

11th June- Parents evening

12th June- Inset Day- School closure

E-Praise

Congratulations to our highest point scorers for this week:

Oscar from Halnaker class for upper school

Henry from Elm class for lower school

Class of The Week: Ash

Ash Class have had a busy start to the Summer Term. We have shown **PERSERVERNCE** with our maths and have been learning our times tables. We have discovered that some are quite easy, but some are very tricky. We have sung songs, used objects to represent them and go on maths walks and play the 'Freeze' game. We are getting there but there is lots to learn!

In Topic we have we have shown great **AMBITION** exploring 'My Place, Our World' We started by looking at Littlegreen Academy and what it means to us and our favourite places within the school grounds. We made a 3D model of our school and even created our own class flag. We then moved on to look at the wider local area such as our local village Compton and explored lots of the countryside by going on weekly local walks. We will be ready to find out more about the world and all it holds in Summer term2.

Our weekly outings to QE Park have begun to help to improve our physical fitness and enjoy the good weather. We have been **COURAGEOUS** tackling pieces of equipment we thought looked tricky but have started to overcome our fears and have great fun. The zip wire and curly slide are a big hit!

Bignor Class showed **KINDNESS** by inviting us to a good old – fashioned tea party. They turned their classroom into 'Trevor's Tearooms' and laid out their best bone- china. We drank using the cups and saucers and practised using our pinkie fingers and tucked into some great biscuits and cakes.

Finally, Ash Class continue to blow us all away with their **ACCEPTANCE** of everyone in our Littlegreen school community. Well done Ash Class!

Value of the Week- Courage

All year 11 pupils have been nominated for starting their GCSE's. Well done to you all!

Tristan from Halnaker Class has shown Courage this week by persevering with some tricky Math's and English. He has listened well and produced some amazing work. Oscar has also been chosen for being extremely Courageous with his math's work.

Ash Class nomination is for Dexter for being Courageous for taking part in our trips to the park.

Riley S in Kingley class has been chosen for explaining to adults his concerns around his college course and trusting them to help him.

Henry, Dexter and Rufus in Elm class have all been nominated for their Courage in completing their SATS experience this week.
