Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

Class of The Week: Willow

Willow Class has had the most wonderful, action-packed few weeks, and we are so excited to share what we've been up to! We have been having an absolute blast diving into our topic, "My Place, Our World," and learning all about the environment around us. Energy levels have been super high out on the playground, with everyone teaming up for some fantastic games of basketball and football. Back inside, the classroom was transformed into a bustling marketplace, and the children loved using their brilliant imaginations during our market sale role-play. We are also incredibly proud to see how confident and independent our superstars are becoming during our English and Maths lessons. To top it all off, our Thrive sessions have been filled with so much laughter and smiles, with our messy play activities definitely being a massive highlight. Well done to all of Willow Class!

Forthcoming Events

12th June- Inset Day

2nd July- Sports Day

9th July- STEM Fest

26th June- Year 11 Leavers Celebration

Subject of The Week: Forest School – Upper School

We are delighted to announce the arrival of our brand-new pizza oven! This wonderful addition has already made a big impact, It will give pupils a hands-on opportunity to explore outdoor cooking. We have been working closely with the Food Technology department to plan and prepare delicious pizzas, combining practical cooking skills with outdoor learning. Pupils have loved getting involved in the full process—from preparing ingredients to baking and, of course, tasting their creations!

Another highlight has been the installation of our newly built tree net. This has quickly become one of the most popular features of Forest School! Pupils are enjoying the opportunity to climb, balance, and relax in a safe and engaging environment.

Upper School pupils who chose to take part, have successfully completed their John Muir Award. This is a significant accomplishment that recognises their dedication to exploring, conserving, and sharing their experiences of the natural environment. They have shown commitment, resilience, and a genuine appreciation for the outdoors throughout the programme—well done to all involved!

Right Of The Week

Refugee Children

Children who move from their home country to another country as refugees (because it was not safe for them to stay there) should get help and protection and have the same rights as children born in that country.

E-Praise

Congratulations to our highest point scorers for this week:

Finley from Harting class for upper school

Harrison from Willow class for lower school

THE GREENPOWER F24 HEAT

Littlegreen Academy

STEM LEARNING

Firecrest Team Shines at Goodwood F24 Heat

On 24 May 2026, the Firecrest team delivered an exceptional performance at the Goodwood F24 Heat, marking an exciting and successful milestone in their Greenpower journey.

Competing against a strong field of 70 kit cars, the team demonstrated impressive skill, determination, and teamwork throughout the day. In the first race, they achieved a commendable 29th place finish, gaining valuable track experience. Building on this, they showed remarkable improvement in race two, climbing to an excellent 21st position — a significant accomplishment for their debut event.

More success

Adding to their success, the team was proudly awarded the Best Portfolio Award. This prestigious honour recognises the outstanding quality of their project work, including detailed planning, engineering insight, teamwork, and professional documentation. It highlights not only their achievements on the track but also the dedication and effort invested behind the scenes during the design and preparation stages.

Recognition from Greenpower

We were delighted to receive highly positive feedback from a Greenpower ambassador, who praised both the team's performance and the exceptional quality of their work:
"I'd like to congratulate you on your amazing performance. Jamie mentioned that your performance was among the best he has seen for a first race. Your students must have built the car exceptionally well—congratulations to them!"
This fantastic recognition is a testament to the team's dedication, engineering skill, and attention to detail. It is particularly rewarding to see their hard work acknowledged by experienced members of the Greenpower community, further highlighting what a remarkable achievement this has been for everyone involved.

The race

The Event

The event took place during very hot weather conditions, which added an extra level of challenge for all participants. Despite this, the Firecrest team remained focused and positive throughout the day, demonstrating excellent resilience and determination. From preparing the car and analysing performance between races, to supporting each other as a team, the pupils showed maturity and professionalism at every stage.

Thank you!

We would like to extend our sincere thanks to all parents, families, and volunteers for their continued support. Your encouragement, time, and commitment played a vital role in making the day such a success, particularly in the challenging heat. We would also like to recognise the dedication of our staff and supporters, whose efforts in preparing the team and ensuring everything ran smoothly were truly appreciated.
