Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

The foundation of all our endeavours in everything we do.

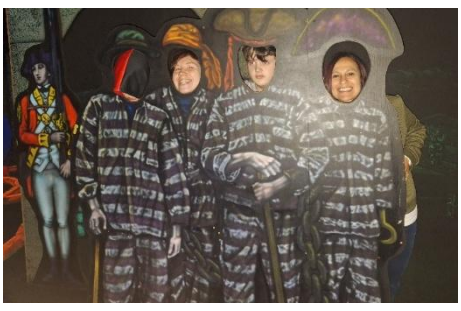
Class of The Week: Beacon

Beacon Class have demonstrated fantastic **Perseverance** and **Ambition** this term. A particular highlight of the term was our class trip to glow in the dark minigolf, where pupils thoroughly enjoyed the experience and demonstrated **Kindness**, **Courage** and teamwork, supporting one another in trying new activities and developing new skills and interests. The pupils enjoyed challenging each other to get a whole in one! We have also enjoyed trips, during our offsite P.E lessons, to Queen Elizabeth country park and Petersfield Lake, playing manhunt, feeding the ducks and completing the obstacle course.

In English, pupils have been developing their persuasive writing skills by creating letters, with the aim of securing a class trip to glow-in-the-dark golf. This task allowed them to apply key writing techniques while expressing their ideas confidently and creatively. Alongside this, the class have been focusing on enhancing their creative writing by exploring descriptive and figurative language. Pupils have practised describing settings, characters and storylines in more vivid and engaging ways. They also explored the use of language in music, identifying expressive features and using these as inspiration to enrich their own writing.

In maths, Beacon Class have been building their understanding of geometry. Pupils have explored areas such as calculating area and plotting coordinates, using these skills to create their own shapes. This hands-on approach has helped to strengthen their confidence and deepen their understanding of mathematical concepts.

Overall, Beacon Class continue to make fantastic progress, and we are very proud of their enthusiasm, resilience, and growing independence in their learning.



Subject of The Week: Thrive

As the weather has improved, Thrive sessions have taken full advantage of the sunshine, with lots of walks around Compton. These walks have provided valuable opportunities for pupils to enjoy the outdoor environment while building relationships through walking and chatting together. The relaxed setting has encouraged meaningful conversations, helping pupils to develop their confidence, communication skills, and emotional wellbeing.

This term, we have also shared many spontaneous Thrive sessions that have been led by the pupils' interests and needs. These pupil-led opportunities have allowed children to explore their thoughts, feelings, and ideas in a way that feels natural and engaging.

Lower School continues to showcase its fantastic creativity during Thrive activities. Pupils have been using a range of materials to design and create different sensory items, exploring textures, colours, and patterns through hands-on experiences.

Right Of The Week

Access To Education

Every child has the right to an education. Primary education should be free. Secondary and higher education should be available to every child. Children should be encouraged to go to school to the highest level possible.

Forthcoming Events

1st July – Year 8 and 9 Vaccinations
2nd July- Sports Day
10th July- Transition Day Into New Classes
17th July- STEM Fest
21st July- Last Day of Term 1pm finish
