Littlegreen Academy's Vision

Our vision is that all pupils at Littlegreen Academy will grow to be confident adults who communicate well, so that they can live healthy, happy, and successful lives.

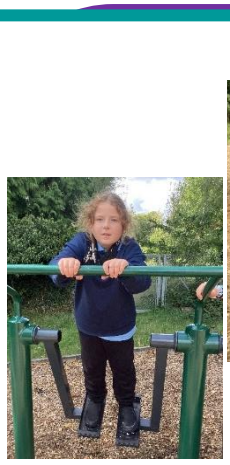
The foundation of all our endeavours in everything we do.

Class of The Week: Elm

Elm Class have made a fantastic start to the school year, returning eager and ready to learn. They have quickly settled into new routines, embraced new staff and classmates, and consistently shown the Littlegreen values in everything they do.

The pupils have enjoyed team-building activities, showing kindness, support, and cooperation both in lessons and games. They have begun their new topic *Back to the Future* (Stone Age to Iron Age), demonstrating Courage and Perseverance with their learning. In English, everyone has worked Ambitiously on 500-word stories for the Newsround competition, using their imagination and sharing their writing with great pride.

PE has been filled with outdoor games like duck, duck, goose and hot potato, which has helped build friendships while having fun. Forest school has also been a highlight, with pupils especially enjoying hammocks and learning how to make a fire. It has been a wonderful start, full of teamwork, creativity, and new experiences.



Character and Culture- Life, Survival And Development

Every child has the right to be alive. Governments must make sure that children survive and develop in the best possible way.

Subject of The Week: Mathematics

Fluency in maths, means to develop a number sense and being able to choose the most appropriate method for the task at hand; to apply a skill to multiple contexts. To enable pupils to achieve this, they must develop their mathematical understanding, thinking and language. This is where fluency and reasoning come in. Once a child grasps a mathematical concept, they should be exposed to varied fluency activities to help develop their understanding.

Efficiency - this implies that children do not get bogged down in too many steps or lose track of the logic of the strategy. An efficient strategy is one that the pupil can carry out easily to solve the problem.

Accuracy depends on several aspects of the problem-solving process, among them careful recording, knowledge of number facts and other important number relationships, and double-checking results.

Flexibility requires the knowledge of more than one approach to solving a particular kind of problem, such as two-digit multiplication. Pupils need to be flexible in order to choose an appropriate strategy for the numbers involved.

Children who are fluent look for efficient methods to solve problems. For example, when calculating 3 + 9 + 7 they are likely to add the 3 and 7 first to equal 10 and then add 9 to find the total of 19. Or when calculating 6 + 7 they may realise that double 6 is 12 so 6 + 7 must be 13 because it is one more than double 6.

Value of the Week- Persevere

Cooper from Bignor class has shown great Perseverance as he always shows up to class.

Alfie from Beacon has demonstrated brilliant Perseverance this week with his reading.

Reggie-Lee from Ash class has been nominated for Persevering and making good, positive choices.

Oscar and Tristan from Halnaker have demonstrated fantastic Perseverance with their Maths and going up a level! Well done to you both

Henry From Elm class has Persevered with his English and has written a fantastic story about space which is being submitted into a competition!

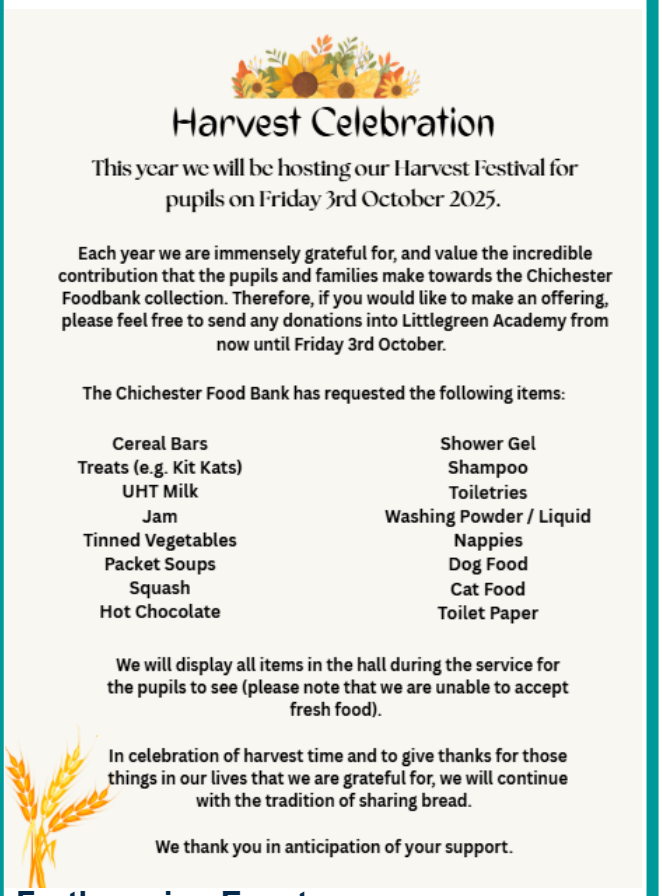
Riley Smith from Kingley class has shown fantastic Perseverance by attending college even though he is the only Littlegreen pupil.

E-Praise

Highest point scorer for upper school:
Riley From Kingley class

Highest point scorer for lower school:
Alfie from Ash class

Information:



Harvest Celebration

This year we will be hosting our Harvest Festival for pupils on Friday 3rd October 2025.

Each year we are immensely grateful for, and value the incredible contribution that the pupils and families make towards the Chichester Foodbank collection. Therefore, if you would like to make an offering, please feel free to send any donations into Littlegreen Academy from now until Friday 3rd October.

The Chichester Food Bank has requested the following items:

Cereal Bars	Shower Gel
Treats (e.g. Kit Kats)	Shampoo
UHT Milk	Toiletries
Jam	Washing Powder / Liquid
Tinned Vegetables	Nappies
Packet Soups	Dog Food
Squash	Cat Food
Hot Chocolate	Toilet Paper

We will display all items in the hall during the service for the pupils to see (please note that we are unable to accept fresh food).

In celebration of harvest time and to give thanks for those things in our lives that we are grateful for, we will continue with the tradition of sharing bread.

We thank you in anticipation of your support.

Forthcoming Events

29th September: Chichester college inset day

3rd October: Harvest Celebration

10th October: World Mental Health Day: Wear Yellow and bring a donation for charity.
