Littlegreen Academy Newsletter

18TH SEPTMEBER 2026

ISSUE #2

Our vision

Our vision is that all pupils at Littlegreen Academy will grow up to be confident adults who communicate well, so that they can live healthy, happy and successful lives.

Our values

- We are Courageous
- We are Accepting
- We Persevere
- We are Ambitious
- We are Kind

Key dates:

Flu Vaccines:

- Thursday 24th September

Half Term Holiday:

- 19th-30th October

Inset Days:

- Monday 16th November 2026
- Monday 4th January 2027

Subject of the Week

Maths

What does it mean to multiply and divide by 10, 100 or 1000?

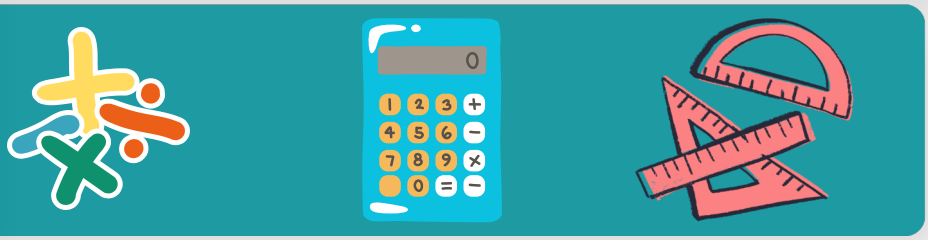
When you multiply a number by 10, 100, or 1000, you're making it ten, one hundred, or one thousand times larger.
When you divide a number by 10, 100, or 1000, you're making it ten, one hundred, or one thousand times smaller.

How do I multiply and divide a decimal by 10, 100 or 1000?

When you multiply a decimal by 10, 100or 1000, you're effectively shifting the decimal point to the right.
ext
For example,
2.3 x 10 = 23
2.3 x 100 = 230
2.3 x 1000 = 2300

When you divide a decimal by 10, 100 or 1000, you're effectively shifting the decimal point to the left.
For example,
23 divided by 10 = 2.3
230 divided by 100 = 2.3
2300 divided by 1000 = 2.3

Have a go at these with your child and see if you can get the correct answer;
2.6 x 10 = 47 x 10 = 38 x 100 = 57 x 1000 =
85 divided by ten = 234 divided by ten =
Get your child to bring the answers in to school and these will be given to Greg Tognarelli who is the Maths subject lead.



Class of the Week
Oak

In Oak class we have had a brilliant and busy start to the year! The whole class have already been demonstrating our school values. They have been accepting of each other, are getting to know all the new faces in class and have been getting to know each other through games and sharing our interests. In our English lessons, we have been putting our creative skills to the test with artwork and sharing different styles of music.

In Maths we have gotten off to a flying start, playing lots of maths games to refresh our knowledge after the summer break. Oak class have also been showing amazing courage, meeting lots of new staff and taking part in lessons with different teachers around the school including Art, Mindfulness and Forest School where we have loved climbing trees and digging holes. We have started our topic this term by sharing what we already know about different materials and even creating our own. We are looking forward to doing different experiments and exploring more materials in the next few weeks.

RIght of the Week

Adults should make decisions that help children stay safe, healthy and able to thrive.

PERSEVERANCE

Value of the Week

Ash Class have chosen to nominate Kayson for his perseverance in he classroom and with his work!

Oak Class have nominated Theo E for Persevering on all of his projects he has started in Oak Class and has settled in incredibly well.

Willow Class have nominated Dexter R for Persevering in class even when work becomes a bit tricky.

Beacon Class would like to nominate the whole class for their perseverance in Maths, their hard work in class and their written work. Well done to you all

Butser Class have nominated Alfie R and Hayden. Alfie has Persevered with writing something in class each day and Hayden has persevered at college and making adjustments in his routine. Well done!

Harting Class nominate Bobbey-John for his Perseverance this week in all of his class work.

Epraise

Upper School highest point scorer of the week : Brandon from Harting Class

Lower School highest point scorer of the week :Jackson from Ash Class
